If you are referencing your grant in narrative (in press releases, or on your website), please use the following lines:

This project is funded by the Government's Species Survival Fund. The fund was developed by Defra and its Arm's-Length Bodies. It is being delivered by The National Lottery Heritage Fund in partnership with Natural England and the Environment Agency.

Using our logo

You can download our logo and use it anywhere where people can clearly see it.

Logo artwork

The Species Survival Fund is supported using public funds and delivered by The National Lottery Heritage Fund in partnership with Natural England and the Environment Agency. When using our logo, please use it in its entirety to ensure this funding and delivery relationship is maintained.

Print (eps) and screen (png) versions of the logo are available.

Large acknowledgement

For larger acknowledgement materials (for example on outdoor interpretation panels) please make sure the logo is big enough to be clearly visible from a distance of five metres.

Minimum size

The minimum size refers to the whole width of the logo lock-up. To make sure the logo lock-up is clear and legible it should never appear smaller than a width of 73mm in print and 207px on screen.

Exclusion zone

The exclusion zone ensures the logo is not compromised by other elements and helps it stand out. The following is a minimum clearance area. Whenever possible, leave more space around the logo than the exclusion zone. The height and width of the clear space is set by the width of the emblem in the UK Government logo.

Colour

Your background colour will dictate which version of the logo lock-up you use.

If you require black and white versions of the logo lock-up please email brand@heritagefund.org.uk.

The logo must only be reproduced in black, white or the full colour version. Do not use any other colour.

Sharing on social media

If possible and where space allows, please tag Defra and The National Lottery Heritage Fund in your posts.
