

# Local Places for Nature Capital Fund

[See all updates](#)

A grant scheme intended to enable communities in Wales to restore and enhance nature.

Last updated: 22 July 2024. [See all updates.](#)

## Important

This programme is now closed to new applications. [Explore our available funding.](#)

## Is this the right programme for you?

- Is your organisation looking to acquire, restore and enhance nature in Wales?
- Will your project transform nature where people live, work and spend their leisure time?
- Do you require a grant up to £250,000?
- Are you a not-for-profit organisation?
- Will your project take place in a peri-urban or urban area of deprivation?

Or a project may be located anywhere in Wales if:

- you are proposing a community food growing project, or
- your organisation/group represents a diverse ethnic community

If you answered yes to these questions then the Local Places for Nature Capital Fund is for you.

## Overview

The Local Places for Nature Capital Fund is a grant scheme intended to enable areas of highest deprivation, peri-urban/urban communities, and/or those with least access to nature in Wales to restore and enhance nature 'on your doorstep'. Certain types of project can be funded anywhere in Wales – please see below.

This funding is primarily for:

- projects located or servicing the needs of communities in the 50% most deprived areas **OR**
- community food growing projects anywhere in Wales **OR**
- organisations/groups representing a diverse ethnic community from any part of Wales

If the project area falls within the 50% LEAST deprived of areas, you may still be able to apply for funding. Particularly, if your project will increase the involvement of a wider range of people in natural heritage, and/or if those affected by the project have a specific need. [Please email us with brief details](#), including the postcode of the project site, so we can further advise.

We are offering two levels of grant:

1. £10,000 to £100,000 for capital projects that will acquire, restore and enhance nature in areas of deprivation
2. £100,000 to £250,000. We are offering a limited number of grants up to £250,000. We are particularly interested if your project is located in or near one of the 50% most deprived communities or if you are engaging with a specific need. Deprivation is measured using the overall deprivation measure in the Welsh Index of Multiple Deprivation. Please use your postcode to [check your eligibility against the overall deprivation measure using the interactive map](#).

If you are seeking a grant between £100,000 and £250,000 please e-mail [natur@heritagefund.org.uk](mailto:natur@heritagefund.org.uk) before proceeding any further with the process, but please continue to read this grant criteria.

We are particularly looking for projects that can be seen 'from your doorstep'. This means where people live, work, access public services, travel and spend their leisure time.

## **Funding nature is our joint priority**

Nature is our oldest form of heritage. Looking after nature and helping people to understand its importance has never been more relevant. The need to aid nature's recovery is urgent.

That's why [funding landscapes and nature](#) is a strategic funding priority for Welsh Government and The National Lottery Heritage Fund.

Go to our [online service](#) to apply now and check the 'how to apply' sections below.

## **What the Local Places for Nature Capital Fund offers**

- up to one year of grant funding for nature projects worth up to £250,000
- up to 100% funding
- funding for not-for-profit organisations (statutory and third sector) with a bank account and a constitution

- pre-application advice (via email: [natur@heritagefund.org.uk](mailto:natur@heritagefund.org.uk))

## Requirements

- projects must be able to maintain the asset long term, and provide a maintenance plan as a supporting document to any funding application
- funding cannot be used for the running cost of organisations or routine maintenance costs of existing assets

The programme is jointly funded by the Welsh Government and The National Lottery Heritage Fund. It's **part of Local Places for Nature**, an initiative that aims to restore and enhance nature across Wales.

## Application deadlines and key dates

There are multiple upcoming rounds of the Local Places for Nature Capital Fund.

- Application deadline: 12 noon on 12 March 2024
- Decision by: End May
- Your project completion date: 30 June 2025
  
- Application deadline: 12 noon on 22 July 2024
- Decision by: End September
- Your project completion date: 8 January 2026

## Stop, Grow, Change for Environmental Growth – what we expect from projects

### First Minister's commitment to the Local Places for Nature Actions that make an impact locally

The First Minister of Wales' manifesto commits to halt and reverse the decline in nature and to grow the environment for the benefit of future generations.

Local Places for Nature will enable people to see improvements to the natural environment 'from their doorsteps'. This includes community-led activity and tending to everyday places that we all

love.

The scope for Local Places for Nature is broad and we intend it to be locally determined. But it must include at least one of the Local Places for Nature Actions:

1. increase wildflower planting to create pollinator habitat sites
2. create wildlife habitat at a railway station or transport interchange
3. create or restore a community orchard
4. create or restore sensory gardens for therapeutic purposes in health care settings (NHS or charities only)
5. increase local tree planting including street trees, orchards and small woodlands including tiny forests
6. increase community food growing opportunities including the provision of allotments in all areas of Wales

The Local Places for Nature Actions may not be the focus or reason for the project, but should be incorporated to deliver greater value and benefit.

More detailed definitions of what constitutes a Local Places for Nature Action will be sent to all potential applicants when we respond to enquiries.

Projects may intend to:

#### **Stop the decline in nature:**

- halt and reverse the negative impact of historic practices and restore habitat on land, in local rivers, streams and ponds and in the marine environment
- minimise the use of pesticides, fertilisers and peat-based compost
- reduce water pollution
- change mowing practices
- remove invasive and non-native species and other threats to nature
- improve water regulation and drainage

#### **Grow nature:**

- increase the number and extent of 'places for nature'
- create wildflower meadows and places for pollinators
- increase species abundance
- develop resilient ecological networks, green corridors and wildlife passages
- increase community orchards, the capacity and availability of community growing, allotments
- encourage nature onto public sector estate – for example public buildings, public spaces, community gardens and other public assets
- increase or create urban green spaces, street trees, urban green infrastructure and green roofs
- increase biodiversity – for example through helping pollinators, hedgerows, flower-rich meadows and verges, woodlands and by creating meadow areas on sloping land

## Change practices:

- encourage and remove barriers to 'doing the right thing'
- change land use to promote nature, restore habitats, change the capacity of an area for flood or surface water attenuation
- improve soil and water quality
- increase safe access to drinking water (refill stations/water fountains)
- improve air quality/remove pollutants
- use green infrastructure to minimise flooding or improve water availability
- acquire, restore and enhance nature in our towns and cities and in the marine environment

Please note that these are just a few ideas for action. We encourage projects to be innovative.

Many projects could be supported at a local level but some landscape-scale projects may be considered.

Expand All accordions

## Buying land

We can fund projects that involve the purchase of land that is (or will be) important as local places for nature, and are at or below market value.

The principal reasons for purchase must be a benefit for long term restoration and enhancement of nature and for creating publicly accessible green space.

If you already manage the land and/or buildings that you want to buy, you will need to show us what extra benefits the purchase will bring.

You will need to show that all options for entering into an appropriate management agreement with the freehold owner have been explored before seeking a grant for purchase.

We can help you to buy land if you demonstrate in your application form:

- the significance to nature in a local, regional or national sense, now or once the project has been completed
- there is a clear need for the purchase
- how nature will be restored and or enhanced as a result of your purchase and that at least one of the Local Places for Nature Actions will be delivered as a result
- any changes you make to the land will follow the 'do no harm' principle for nature
- existing man-made structures may be included in your proposal, provided they contribute to creating a place for nature (such as through demolition or retention)
- you have discussed your proposal with the Local Nature Partnership
- the purchase will contribute to more people engaging with nature
- the price accurately reflects the condition and value

- you have the capacity and expertise both to undertake the land purchase and to restore and enhance nature
- you have adequate plans and capacity for management and maintenance of a natural asset over a period of at least 10 years after project completion

Projects involving acquisition of land must demonstrate good value for money, be well planned and demonstrate that it meets needs identified by the community. We will not support purchases that we think are above market value.

If we award you a grant, we may require a charge on the land and/or buildings. We can fund all associated purchase costs such as agent's fees, saleroom fees and taxes. Please ensure these are reflected in your cost table.

If your project includes buying a heritage item, land or building, the terms of the grant will last indefinitely. If you wish to dispose of what you have bought in future, you can ask for our permission. We may claim back our grant.

We would need the following information about the purchase:

- a location plan, to scale and clearly identifying the extent of the land or building to be purchased and any relevant access to the land and building
- the current status of the land, its current environmental condition, and assessment of the impact of your plans
- the plan to restore and enhance nature and the expected benefit to nature of the purchase
- One independent valuation. This should include a detailed explanation of how the assessment of the market value was reached. We welcome valuations by the District Valuer. We may also arrange for our own valuation. We will normally be prepared to support a purchase at a figure up to 10% above the top of any range in an accepted valuation.
- evidence that the current owners are the owners (have legal title) and have the right to both sell the land and/or building and transfer the title to the new owner
- evidence of any legal covenants, or rights (such as fishing, shooting, mineral, drainage), or long- or short-term tenancies, or rights of way or access, or any other interests which are attached to the land or building

Expand All accordions

## Leasing land

The bulk of this grant scheme (85%) is made up of capital. Capital funding may not be used to lease land, so any proposal that includes leasing land is likely to be ineligible for funding.

Expand All accordions

## Preparing your application

It's important that you think about how your project will meet the requirements for this grant scheme.

Your project must meet one of the four following descriptions:

1. be in a peri-urban or urban area, an area of deprivation and/or an area with limited access to green space
2. **OR** significantly increase the involvement of a wider range of people in natural heritage
3. **OR** be from an organisation that represents diverse ethnic communities
4. **OR** you want to deliver a community food growing project anywhere in Wales

And must achieve the following:

- acquire, restore or enhance nature
- deliver nature that can be seen 'from your doorstep'
- deliver a capital asset that has a plan for future maintenance
- have a plan for local activity, designed and led by communities
- enable participation for a wider range of people: helping them to experience and value nature, leading to individual and community action to protect and enhance nature
- demonstrate additional multiple benefits spanning environmental, social, economic and cultural wellbeing
- understand and enhance existing biodiversity of the selected site
- follow accepted guidance on biodiversity and biosecurity, for example using locally sourced plants, avoiding non-native invasive species, fertilisers, pesticides and the use of peat-based materials

## Supporting documents

The following supporting documents must be uploaded with your application form. File sizes should be smaller than 20MB. **Please note** that some of the supporting documents required for this programme are different to those stated in the online application form.

For this programme, we require the following documents:

- governing document (mandatory if your organisation has one)
- Audited or verified accounts (mandatory if you are an organisation). If you are an individual, a newly formed organisation or do not have accounts less than 12 months old, we will require bank statements in the same name as your application for the last three full months.
- project plan (mandatory for all projects) – [you can download a template from our project plan page](#)
- performance indicators (mandatory for all projects) – read an explanation of these requirements in the performance indicators section below
- partnership agreement (mandatory if you are working in a partnership)
- job descriptions (mandatory if you are creating new jobs or apprenticeships as part of your project)
- maintenance plan (mandatory for all projects)
- briefs for commissioned work (if applicable)?

- calculation of full cost recovery (if applicable)?
- evidence of support, such as letters, emails or videos of support (optional)

## Welsh Language

You must consider the Welsh language in all aspects of your work and tell us how you will promote and support the Welsh language and reflect the bilingual nature of Wales. You will need to show how you will offer bilingual provision in your project budget and plan. You should include the budget for translation under the 'Other' costs category in the project costs section of the application form. If you would like more information on how to do this, please get in touch with our Welsh language support team: [cymorthcymraeg@heritagefund.org.uk](mailto:cymorthcymraeg@heritagefund.org.uk)

## Acknowledgement

You will need to acknowledge your grant as set out in our [Welsh Government grant guidance](#).

Expand All accordions

## What you can spend the money on

Capital spending is money that is spent on investment and things that will create growth in the future. Nature is our greatest asset – it underpins everything we do now and in future, as a society. Examples of capital expenditure include:

- purchasing of native trees, shrubs and other plants to create the local place for nature
- Purchase of equipment to restore and enhance nature. Capital spend also includes training in using the machinery and purchasing fuel for use during the project.
- preparation of a site such as removing man-made structures to create places for nature, creating new (but not replacement) fencing and accessible pathways to protect nature, removing invasive species
- purchase of land to create places for nature and accessible green space
- purchase of equipment, tools and seeds etc to create a community growing area
- project planning, procurement and financial management of the Project costs to bring the capital asset into being up to 10% of the total fund
- cost of labour associated with any activities related to the creation of the natural asset

Up to a maximum of **10%** of this capital grant may be used to enable project delivery. By this we mean associated project delivery costs that enable you to create the place for nature such as:

- project planning
- procurement materials
- financial management of the project
- compiling and analysing management information of project delivery

You may not include core organisational costs (or a proportion of) such as office lease, heating, lighting, ICT, as these are your normal business running costs. You may not include the ongoing cost of maintenance, training and running costs.

## Activity costs

You may also include costs that enable the project to involve people in delivery and meet The National Lottery Heritage Fund mandatory outcome that 'a wider range of people will be involved in heritage'. You can find more about our mandatory outcome in the detailed application guidance below.

These costs can be up to **15%** of the total grant amount applied for.

Examples of expenditure may include:

- events to promote the places for nature scheme to the wider community, and to celebrate community achievements
- additional hours for an existing volunteer co-ordinator to recruit, train and support volunteers to participate in delivering the place for nature
- volunteering good practice and expenses (in line with [Wales Council for Voluntary Action guidance](#))
- project promotion activity

### You can't spend the money on:

- Full Cost Recovery of organisation's core costs
- maintaining existing assets
- remedial works or replacement of existing assets that are already places for nature (for example gates, pathways)
- Works that are not primarily about enhancing or restoring nature. For example, visitor centres, interpretation (this is not primarily an access programme, any access arrangements must be a small part of the nature-based project as a whole).
- a focus on tree planting – however, tree planting may be included as part of a broader overall scheme
- Welsh Government recognises that ash dieback is a significant issue across Wales, but the Local Places for Nature Capital Fund programme does not have this as a focus. The Heritage Fund will not be considering applications for projects solely to remove or manage ash dieback, because it does not restore, or enhance nature. We may consider projects which have a small element of ash dieback, as part of a wider project to restore and enhance nature. Your application will need to provide strong evidence that demonstrates a net gain to biodiversity and creation of resilient ecosystems.

## How to apply for £10,000 – £250,000

1. visit our [application portal](#) and register an account (or log in if you have applied to The National Lottery Heritage Fund previously)
2. submit an email enquiry to [natur@heritagefund.org.uk](mailto:natur@heritagefund.org.uk) so that you can get feedback from us on your project before you complete your full application
3. when you are ready, complete and submit a full application

There is no dedicated Local Places for Nature Capital Fund application form. You should follow these instructions carefully alongside our [Local Places for Nature application help notes](#) and answer all questions in our £10,000 – £250,000 grant application form.

Expand All accordions

## Naming your project

Start your project title with #NATUR to help us correctly identify your application. For example: #NATUR Abercynon Wildlife Flower Meadow. There is a limit of 15 words.

Expand All accordions

## Performance indicators

You will need to demonstrate how your project has benefited the environment.

### What you need to do

- choose the performance indicators most relevant to your project from the list below
- submit your list of performance indicators (including how you will measure each one) as an attachment to your application

If you are successful in obtaining a grant, these performance indicators will be included in the agreed outcomes for the project.

### Plants and animals

Places for nature/habitat acquired [measured in square metres]

Places for nature/habitat restored or enhanced [measured in square metres]

Green walls/roofs created or enhanced [measured in square metres]

Connectivity – new green corridors/routes created/enhanced [measured in metres]

Pollinator improvements [estimated number]

Species abundance increase [estimated]

Priority species [number and species planning to benefit]

## **Water**

Capacity for flood or surface water attenuation [measured in cubic metres]

Improved water quality

Access to water [number of refill/water fountains]

## **Air**

Estimated reduction in CO2 [measured in equivalent emissions]

Improved air quality

## **Land**

Reduction in use of pesticides/fertilisers [measured in %]

Community growing [area by square metre/hectare]

Community growing [number of projects]

Accessible green public space created [measured in square metres]

Accessible green public space improved [measured in square metres]

## **Wellbeing of Future Generation Act benefits/impact**

Total number of traineeships employed on the project

Number of SMEs based in Wales which you will contract/subcontract

Estimated economic impact [measured in £]

Volunteers involved [number]

Volunteer hours contributed

Volunteers who report an improvement in wellbeing as a result of project involvement [number of people]

Community assets created [number]

Employees/visitors/residents/passers-by who will be able to "see" the asset created [estimated number in one day]

## Changes to this guidance

We will regularly review this guidance and respond to user feedback. We reserve the right to make changes as required. We will communicate any changes as quickly as possible via this webpage.

- **22 September 2023:** The Local Places for Nature Capital Fund has reopened for applications. The application deadlines and key dates were updated. Outdated information (such as the total amount of funding available) related to previous application cycles were removed.
- **6 October 2023:** Added information about the supporting documents you need to submit with an application to this fund to the 'preparing your application' section.
- **18 October 2023:** Added performance indicators to the list of supporting documents you need to submit with an application.
- **2 November 2023:** Clarified that applications close at 12 noon on the deadline date specified.
- **13 December 2023:** Added a notice to the top of the page, indicating that we are currently not accepting applications. Removed links to the help notes, which will be updated in January 2024.
- **18 December 2023:** Wording has been changed as project enquiry forms are no longer needed for applying to this programme.
- **13 February 2024:** Applications to this programme have reopened. The application help notes have been replaced because our application forms have changed.

## FAQs: Local Places for Nature Capital Fund

[See all updates](#)

Answers to questions raised by attendees during a pre-application webinar for the Local Places for Nature Capital Fund, held on Wednesday 11 October 2023..

**Page created:** 23 October 2023.

## The speakers are:

- Moe Horikaw, Investment Manager, Wales, National Lottery Heritage Fund (Presenter)
- Julie Hughes, Head of Investment, Wales, National Lottery Heritage Fund
- Mair Davies, Keep Wales Tidy

## FAQs arising from the webinar

Attendees at the webinar raised a series of questions, which we have answered below.

The answers to several questions raised can be found by reading the [guidance](#). Please read the [guidance](#) and the [help notes](#) carefully before applying.

### **You say 'contact us first' if we want to apply for £100,000 – £250,000. Do you mean via a Project Enquiry Form?**

Please contact us [by email](#).

### **If the space is not in an area of deprivation, can we still apply?**

If the community groups involved in the project are drawn from a nearby area of deprivation or are from a disadvantaged group, your project could qualify. For example, if your area includes urban deprivation. This will also depend on the competition levels too.

### **Will successful applicants receive the grant award via a claims process or in advance?**

Grant payments are made in a 50%, 40%, or 10% split for projects under £100,000. For projects of over £100,000, payments will normally be made in arrears. We can discuss on a case-by-case basis if there is a need.

### **Do you class activities such as hedgerow creation as 'a focus on tree planting'?**

You can include either in your project but as we have a number of programmes, please ensure you're applying to the right programme. If in doubt, [please ask us](#).

### **Supporting documents need to be uploaded with the application, are 'briefs for commissioned work' required at application stage?**

Briefs for commissioned work are there so successful projects can start and complete on time, as well as to allow us to assess the planning financial viability of a potential project. These do not have to be perfect, but they give us an indication.

## **Will the same amount of total funds be available in the subsequent rounds (12 March and 22 July)? Or is the total funding available for all upcoming rounds?**

We have £1million this round and a further £1m next year for the two subsequent rounds.

## **Will criteria change for the next round?**

No changes are currently anticipated, but please keep an eye on [our guidance](#) when the upcoming rounds applications open.

## **Can the Keep Wales Tidy packages be applied for separately or is this part of the Local Places for Nature grant?**

Yes, they are separate. This is the Capital fund. The Keep Wales Tidy packages are intended as a first step if needed.

## **Would it be possible to fund growing using technical means such as 'hydroponics' which needs to be done indoors?**

It's not in the guidance specifically, but there is nothing stopping this either.

## **Can organisations apply for more than one funding stream, for different projects?**

Yes, however as above, the Keep Wales Tidy packages are intended as a first step.

## **Can universities apply for grants?**

Yes, all education providers can apply as long as they are not privately funded organisations.

## **You mention you will not fund tree-planting focussed projects. Does this mean you will not fund the action of tree planting?**

You can plant trees with this fund, however they cannot be the sole focus. If tree planting is the sole focus of your project then please look at funding in our [Coetiroedd Bach](#) or [The Woodland Investment Grant](#) programmes.

# **Application help notes: Local Places for Nature Capital Fund**

22/09/2023

22/09/2023

[See all updates](#)

Questions from our National Lottery Heritage Grants £10,000 to £250,000 application.

Page last updated: 13 February 2024.

Use this page to:

- see what questions appear in the application
- get guidance on how best to answer the application questions
- get guidance on how to fit the Local Places for Nature criteria into our standard application form

Each question has a word limit; however, you don't need to reach this. Only include the information we ask for that is relevant to your project.

To get feedback and advice from us before you start an application please contact us by email at [nature@heritagefund.org.uk](mailto:nature@heritagefund.org.uk).

## About your vision

**Describe what your organisation would like to achieve through your project.**

We will use your answer to tell people about your project, including our decision makers.

Tell us what you hope to achieve and what you hope the legacy of your project will be.

[Text field – 150 words]

## About your heritage focus

**Tell us about the heritage you will focus on as part of this project.**

This is a key section in your application and should include information such as levels of deprivation, typical age ranges, levels of employment, ethnic diversity, local access to green space.

Provide a description of the site as it is today and its condition.

Tell us:

- why local places for nature would benefit your communities
- information on levels of deprivation, typical age ranges, levels of employment, ethnic diversity, local access to green space
- the Welsh Index of Multiple Deprivation overall rating for the address of the project
- if your project involves a community of interest spanning different locations, provide the postcode of your main project area and describe the community of interest
- what is important about the site
- who the site is important to, such as experts and/or the local community
- how your proposal will benefit nature, in particular pollinators, their predators, the range of native wildflowers?

Do not use this section to tell us about your project, or about what will happen during your project. We will ask you about this later in the application.

[Text field – 500 words]

## **Is this heritage at risk?**

Answer:

- No, it is not at risk [Tick box]
- Yes, it is at risk [Tick box]

We anticipate the answer to this question for all projects to be yes.

Explain why the heritage is under threat, and what actions have been taken (if any) to minimise the risk.

For example, it could be at risk of loss through physical damage or neglect, or financial shortfalls. Public access to the heritage may also be at risk of loss.

Tell us if the landscape, geology, habitat or species is at risk and in what way (for example, identified in a Biodiversity Action Plan as a priority).

Tell us:

- the current condition of the heritage
- how it is currently managed and by who
- how people currently engage with the heritage

[Text field – 500 words]

## **About your project**

### **What is the title of your project?**

Give us a title or name we can refer to your project by.

Please start your project title with #Natur.

For example, #Natur Townhill Nature Group.

This will be seen by our decision makers, and if your application is successful, will be used in any public posts made about your project and will be published on our website. Make sure you choose a title that you are happy for a wide range of people to see.

We encourage you to keep your title short and descriptive.

[Text input – 255 characters]

## When will your project happen?

Give us a timeframe for your project. This can be an estimate.

Projects must be completed by 30 June 2025 if application submitted for 12 March 2024 deadline.

Projects must be completed by 8 January 2026 if submitted for 22 July 2024 deadline.

- start date of project [Enter date]
- end date of project [Enter date]

## Where is your project taking place?

If your project is taking place at more than one site, tell us the address where most of your project will take place.

- the same place as my organisation address [Tick box]
- somewhere else [Tick box]

If somewhere else:

## Tell us your project's address.

[Enter postcode > select an address > edit selected address details]

We understand that you might not have a postcode. Tell us the closest postcode to your project's location.

## Have you received any advice from us about this project?

If you have spoken to anyone from The National Lottery Heritage Fund about your project, tell us about the advice you received and how you have used that advice to develop your project. For instance, if you've submitted a Project Enquiry and received feedback on your project idea.

- No, we have not received any advice from you [Tick box]
- Yes, we have received advice from you [Tick box]

If yes: Tell us more about the advice you received from us about this project

[Text field – 500 words]

## Have you received any advice from anyone else about this project?

Tell us if you have received any specialist advice about your project. This could be experts in the heritage your project focuses on or other organisations who will support you to deliver your project.

This could include:

- any consultation you have done with your local community and those who will be involved in your project
- any project proposal advice, such as from an architect or conservator
- any pre-application advice on planning and/or listed building consent matters, such as from your local authority or an archaeologist
- advice about how to address wellbeing for your project participants, such as from a charity or local group who can provide support which is relevant to their lived experience

Answer:

- No, we have not received any advice [Tick box]
- Yes, we have received advice [Tick box]

If yes: Tell us more about the advice you have received from anyone else about this project

[Text field – 500 words]

## **Tell us what you will do during your project.**

Provide an overview of what you will do during your project.

For example, describe any:

- activities that you will be doing
- events that you will be hosting
- items or resources that you will be creating
- heritage items or buildings you will be restoring
- landscapes you will be improving

This helps us to understand what your project is all about.

Your project plan should provide more detailed information about each element of your project.

If your organisation owns the heritage, tell us:

- if your organisation has the freehold of the building or land, or own the heritage items outright
- if your organisation has the lease of the building or land and how many years are left to run on the lease
- If your organisation has, or is planning to take out, a mortgage or other loans secured on the building or land, or heritage item. If so, give us details of the lender and the amount of the mortgage or loan. If you have one, upload an ownership document.

If a partner organisation owns the heritage, tell us:

- the name of the partner organisation
- if the project partner has the freehold of the building or land, or own outright the heritage items
- if the project partner has the lease of the building or land and how many years are left to run on the lease

- if the project partner has, or is planning to take out, a mortgage or other loans secured on the building or land, or heritage item
- if so, give us details of the lender and the amount of the mortgage or loan

[Text field – 500 words]

## **Will capital works be part of your project?**

Capital works are defined as works that create or improve an asset. These can include physical works to landscapes, nature and buildings, repair, conservation, new build, digitisation, or work to stabilise the condition of objects.

This is a capital scheme, so we expect the answer to be yes.

Examples of capital work:

- conservation of a heathland
- repairs to a historic building
- digitisation of a photographic archive

Land ownership must be evidenced. We need to see an up-to-date office copy from the Land Registry showing that you own the land (or for unregistered land, the relevant deeds).

Leased land must be evidenced and we need to see a copy of the lease, alongside the land owners consent that you may undertake the proposed project.

You must hold a lease with at least five years left to run after the Project Completion Date, or the landowner needs to be signed up to the terms of grant.

You should upload the relevant ownership document under this question of the application and will have an option to choose a file.

**If you select 'Yes, capital works will be part of your project', you will also need to answer these next five questions:**

## **Do you need any permission to carry out the capital works?**

Examples of what might need permission:

- agreement from the owner of a heritage asset
- access rights from a landowner
- listed buildings consent
- planning permission from the council
- consent to record audio or take photographs of individuals

If you don't know if you need permission, choose the 'We are unsure if we need permission' option.

- No, we do not need permission [Tick box]

If no: Tell us why you do not need permission to carry out the capital works [Text field – 500 words]

- Yes, we do need permission to carry out the capital works [Tick box]

If yes: Tell us who you need permission from [Text field - 500 words]

- We are unsure if we need permission [Tick box]

## **Has a condition survey taken place in the last five years?**

If you have had any type of condition survey done, we would like to see it. You can upload a condition survey here.

- No, a condition survey has not taken place [Tick box]

If no: Tell us why you have not had a condition survey

[Text field – 500 words]

- Yes, a condition survey has taken place [Tick box]

If yes: Tell us more about the condition survey

[Text field – 500 words]

Upload condition survey.

[Choose file]

- We're unsure if a condition survey has taken place [Tick box]

If unsure: Tell us why you are unsure if there has been a condition survey

[Text field – 500 words]

## **Are there any legal conditions, restrictions or covenants associated with the heritage which may affect your project?**

Tell us if the register of title or other ownership documents contain any restrictions or limitation on its use or ownership, or if it requires any consents for any dealings. If so, you will need to give us the full details and evidence that these are satisfied.

This could include:

- a Restrictive Covenant limiting the type of use for the land or property
- a restriction giving another party a right to be notified of any dealing or state conditions that would need to be resolved before the property is sold

Answer:

- No, there are no legal conditions, restrictions or covenants associated with the heritage [Tick box]
- Yes, there are legal conditions, restrictions or covenants associated with the heritage [Tick box]

If yes: Tell us more about any legal conditions, restrictions or covenants associated with the heritage which may affect your project

[Text field – 500 words]

- I am not sure if there are any legal conditions, restrictions or covenants associated with the heritage [Tick box]

### **Is this heritage on the at Risk Register?**

- No, it is not on the at Risk Register [Tick box]
- Yes, it is on the at Risk Register [Tick box]

If yes: Tell us the at Risk Register number

[Enter number]

### **Will you be creating any digital works as part of your project?**

Digital works are things you create in a digital format which are designed to give access to heritage. They could also help people engage with and learn about heritage. For example, a collection of digital images or sound files, an online heritage resource or exhibition or a smartphone app.

Tell us if you will be creating any of these as part of your project. Anything you create in a digital format will need to meet our digital requirements, including ensuring that the digital outputs you create with grant funding are available, open and accessible. You can read more about our [digital requirements on our website](#).

- No, we are not creating any digital works [Tick box]
- Yes, we will be creating digital works [Tick box]

If yes: Tell us how you will make sure these digital works meet our digital requirements.

[Text field - 500 words]

### **End of extra questions for projects doing capital works.**

### **Will you be acquiring any buildings, land or heritage items as part of your project?**

- No, we will not be acquiring any buildings, land or heritage items [Tick box]
- Yes, we will be acquiring buildings, land or heritage items [Tick box]

If the answer is yes, you will need to include a map of the site and current valuations and/or price of the land.

[Text field – 500 words]

**Our funding is subject to the Subsidy Control Act 2022. Tell us whether you consider the funding applied for to be a Subsidy within the Act and any advice you may have taken.**

If your application is successful, it is important to remember our grant comes from public funds and may be subject to the Subsidy Control Act 2022.

[Text field – 500 words]

**How will you maintain the benefits of your project and meet any related costs?**

Tell us how you will manage the benefits of your project after the funding ends.

For example:

- what will happen to the things you produce as part of the project, for example if these will be donated to a local archive or kept on display by your organisation
- how you will manage the heritage in the future, for example if you will keep employing staff to help maintain a site you have restored
- how you will deal with any costs related to maintaining the heritage once the project ends, for example utility costs for a newly opened building

Please attach an ongoing maintenance plan as a supporting document. This should include what is to be done, by whom, for how long and how the maintenance plan will be resourced.

[Text field – 500 words]

## **About the need for your project**

### **Why does your project need to happen?**

Tell us why your project needs to happen, why it needs to happen now and what opportunities your project will address.

This fund is competitive. You will need to explain the motivating factors in making this application. What is it about the community or location that makes this the right thing to do now? For example: are there particular development pressures on remaining pieces of open space in the area, or has the community been eager to improve their local environment but lacked the knowledge or skills on how to progress?

[Text field – 500 words]

## **Is there a specific community your project is dedicated to serving? Select any that apply.**

Please select from the list below to reflect who your project will support. Choose any and all that apply, or choose 'none of the above' if this does not apply to your project.

If you choose the option 'specific groups who are not included already', please tell us more about these groups or communities.

If you are working with vulnerable people as part of your project, you will need to have safeguarding policies and practices in place. You should also ensure that wellbeing for project staff, participants and visitors is considered throughout your project.

You should make reasonable adjustments to the way you deliver your project or services so that everyone can participate.

- Communities experiencing ethnic or racial inequity, discrimination or inequality [Tick box]
- Faith communities [Tick box]
- People who have migrated and/or have experience of the immigration system [Tick box]
- d/Deaf, disabled, blind, partially sighted and/or neurodivergent people [Tick box]
- Older people (65 and over) [Tick box]
- Younger people (under 25) [Tick box]
- Women and girls [Tick box]
- LGBTQ+ people [Tick box]
- People who are educationally or economically disadvantaged [Tick box]
- Specific groups that are not included already [Tick box]
- None of the above [Tick box]

## **Who else have you approached about funding your project?**

Tell us about any other funding:

- you have secured to help towards the cost of your project
- you are planning to apply for to support this project
- you will raise through fundraising or crowdsourcing

Tell us if you have raised any non-cash contributions to help you deliver your project.

While we can fund the total cost of a project, you should explain why you are not able to raise any other funding from either your own resources or other sources.

[Text field – 500 words]

## **Our investment principles**

Our four investment principles will guide all our grant decision making under our 10-year strategy, Heritage 2033.

Our investment principles are:

- saving heritage
- protecting the environment
- inclusion, access and participation
- organisational sustainability

For Local Places for Nature you do not need to take all four investment principles into account in your project.

### **Explain how your project will save heritage.**

You can write N/A in this section.

[Text field – 500 words]

### **Explain how your project will protect the environment.**

- how your proposal will benefit nature, in particular pollinators, their predators, the range of native wildflowers
- Will the proposal include nesting, feeding and roosting opportunities for bats and birds?
- How does the proposal contribute to species and habitat diversity in the area?

[Text field – 500 words]

### **Explain how your project will increase inclusion, access and participation.**

- how individuals and communities will be supported to become involved in the project
- how the work proposed will make a tangible difference to individuals, communities and the natural environment
- How will you ensure any plans for the future are 'owned' and delivered for the community, by the community?

[Text field – 500 words]

### **Explain how your project will improve your organisational sustainability.**

You can write N/A in this section.

[Text field – 500 words]

## **Delivering your project**

### **How is your organisation best placed to deliver this project?**

Tell us why specifically your organisation should run this project.

This may include:

- any experience your organisation has in running similar projects
- staff and/or Board members and Trustees' knowledge and skills
- your organisation's capacity to deliver the project at the same time as your usual work
- your connections with other relevant projects or organisations

[Text field – 500 words]

## **How will you manage running your project?**

Tell us how your project will be managed day to day and about the people involved.

This should include telling us:

- who will make decisions, the experience of the people involved and their roles in the project
- about staff posts, apprentices, traineeships, or any other paid opportunities that your project will create
- about any volunteering opportunities your project will create. Volunteers are people who give up their time for free to help deliver your project
- if you are moving an existing staff member into a post created by this project or are extending the hours of an existing staff member to work on the project, tell us how they are qualified for the role

Remember, you must openly advertise all new staff posts, unless you are moving an existing staff member into a post created by this project or are extending the hours of an existing staff member to work on the project.

[Text field – 500 words]

## **Will your project be delivered by a partnership?**

Tell us who your partners are, the nature of your partnerships and how you will work together.

If you are working with any other organisations to carry out your project, we would like to see your partnership agreement. If you have one, you will be able to upload it here.

This document should outline all partner's roles and responsibilities and should be signed by all parties. This agreement should reflect the needs of your project and you may need to seek independent advice.

You do not need to provide a partnership agreement unless another organisation is delivering a significant part of your project.

- No, the project will not be delivered by a partnership [Tick box]
- Yes, the project will be delivered by a partnership [Tick box]

If yes: Tell us about your partners

[Text field – 500 words]

Upload partnership agreement.

[Choose file]

## **How will you evaluate your project?**

You must evaluate your project and provide a written evaluation report once you finish your project. Please note, your evaluation must include the Welsh Government's Modest Measures, which are measures of the programme's impact on communities across Wales. We will provide a format for providing the require information.

You will need to create an evaluation plan at the start of your project. This will be an outline of how you are going to collect data to measure, analyse and understand what you are doing and ultimately to provide evidence about what your project has achieved.

Tell us who will carry out your evaluation. This could be staff within your organisation or an individual or organisation who you will need to employ. You should provide a brief for this work as a supporting document.

We would expect to see costs for your evaluation included in your project costs.

[Text field – 500 words]

## **Will any of your project take place in Wales?**

- No, none of our project will take place in Wales [Tick box]
- Yes, all or some of our project will take place in Wales [Tick box]

Your project can only take place within Wales to be eligible for Local Places for Nature.

You must include the Welsh language in all aspects of your work.

Please tell us how you will use the Welsh language in your project, and make sure that this information is included in your project budget and plan. Please include budget for translation costs under the 'Other' costs category in the project costs section.

[Text field – 500 words]

## **Tell us about any key challenges or potential risks to your project that you have identified.**

We know that all projects face challenges and risks. Tell us about the challenges or risks you have identified, which could have an impact on your project.

Your risk register should provide more detailed information about these challenges or risks and how you will manage these.

We would expect to see contingency within your project costs to help manage these identified challenges or risks.

[Text field – 500 words]

## **Project costs**

### **Tell us how much it will cost to deliver your project.**

You should include all costs relating to your project.

You will need to add a new cost for each separate project cost.

For example, if you are recruiting three new staff members to manage your project, you will need to add three different new staff costs. Each cost will need to have its own description and amount.

### **Cost type [drop down list]**

#### **New staff**

- Include costs for staff who will be working on your project. Make sure to also include any applicable on-costs.
- This could include new fixed-term contracts, secondments, apprenticeships and the costs of freelance staff to help deliver your project. Do not include the costs of paying trainees here.
- In some circumstances it may be appropriate to include costs for maternity leave and/or redundancy payments. We expect your organisation to keep to good human-resource practice and follow all relevant laws, including paying at least National Living Wage to all project staff members.

#### **Professional fees**

- Include costs for any services you will need to pay for during your project. For example, a building surveyor, landscape architect or a conservator.
- Fees should be in line with professional guidelines and based on quotes from the professional or professional body you are paying.

#### **Recruitment**

- This can include the cost of advertising and any travel expenses for interviews.
- We expect your organisation to keep to good human-resource practice and follow all relevant laws.

#### **Purchase price of heritage items**

- Eligible costs include the purchase price itself, valuations, agent's fees and buyer's premium for purchases at auction.

- You cannot include seller's fees.
- If you are a private owner of a physical heritage asset or commercial organisation you cannot include costs here.

#### **Repair and conservation work**

- This includes costs of work to repair, restore or conserve a heritage item, building or site.

#### **Event costs**

- Costs for any events, for example, refreshments or room hire.

#### **Digital outputs**

- Costs for creating any digital works and meeting our digital requirements.

#### **Equipment and materials, including learning materials**

- Costs for purchasing equipment and material, for example oral history recording devices or materials for creating leaflets and publications.

#### **Training for staff**

- Existing and new staff may need training to carry out your project.

#### **Training for volunteers**

- Existing and new volunteers may need training to carry out your project.

#### **Travel for staff**

- To help staff travel to sites.
- This could include costs for using public transport, or hiring a bicycle or car.
- We encourage sustainable transport where possible (such as using an electric vehicle over a diesel vehicle), but understand that this may not always be possible.
- Travel costs by car should be based on 45p a mile.

#### **Travel for volunteers**

- To help volunteers travel to sites. Offering to pay for travel can help remove barriers that may stop people from volunteering.
- This could include costs for using public transport, or hiring a bicycle or car.
- We encourage sustainable transport where possible (such as using an electric vehicle over a diesel vehicle), but understand that this may not always be possible. In some circumstances it may be more appropriate to hire a minibus if a large number of volunteers are travelling to the

same place.

- Travel costs by car should be based on 45p a mile.

#### **Expenses for staff**

- Include costs for staff expenses. You should cover any costs staff incurred as a result of delivering your project.
- For example, this could include costs for refreshments or accommodation.

#### **Expenses for volunteers**

- Include costs for volunteer expenses. Offering to pay for expenses can help remove barriers that may stop people from volunteering.
- For example, this could include costs for refreshments, care of dependents and support worker costs.

Do not use this cost type to pay for volunteer time. Remember volunteers are people who give their time for free, and you should not include costs to reimburse volunteers for any time they spend on your project.

#### **Other**

- Include costs that do not fit within any of the other cost headings. Please make sure you give a clear description of what these costs are.
- If your project is taking place in Wales, make sure you include sufficient costs for translation into the Welsh language.
- You may also wish to include costs for reasonable adjustments here.

#### **Publicity and promotion**

- Include costs for promotional materials that relate directly to your project.
- Make sure you also include sufficient costs for acknowledging the support of the National Lottery.

This is a Welsh Government grant. Use their logo and any other branding materials that become available. You also need to acknowledge the National Lottery Heritage Fund.

#### **Evaluation**

- This cost heading is mandatory as all projects must be evaluated.
- Include costs for evaluating your project from the beginning. You may wish to employ an individual or organisation to support you with this.
- We recommend the costs are proportionate to the scale of your project.

#### **Contingency**

- This cost heading is mandatory. Contingency is used to pay for unexpected costs required to deliver your project.
- We would expect the amount of contingency included to help manage your identified challenges or risks. It should also reflect the scale of your project.
- Make sure that you only include your required contingency here and not within the other cost headings in your application.

#### **New build work**

- Include the costs of any new building work which might be taking place as a result of your project.

#### **Community grants**

- You can include costs for any payments to third party owners, including private owners, for activities and capital works that contribute to achieving your overall aims for your project.

#### **Full cost recovery**

- Full cost recovery is a cost type used to cover indirect costs of a project. Indirect costs include overheads, or costs which are not directly related to the project your organisation is delivering, but which are essential for the running of your organisation.
- If you are an organisation in the voluntary sector, we can cover a proportion of your organisation's overheads, which must be appropriate to the time or resources used for your project. By voluntary sector we mean organisations that are independent of government and whose governance, finance and resources have a voluntary focus. For example, a voluntary sector organisation might:
  - have a Board of Trustees
  - be funded by grants and donations
  - rely upon volunteers to carry out their aims
  - Include any costs for full cost recovery here.

#### **Inflation**

- Include any appropriate costs which will adequately cover predicted inflation. You should budget appropriately for inflation based on the project timescale, plus other factors such materials used, labour demands and location.

Description of cost [Text field – 50 words]

Amount [Number input, 1 or above]

VAT Amount [Number input, which can be 0]

- If you are claiming VAT on any of your project costs, make sure it cannot be reclaimed through other sources first. We cannot cover the costs of VAT that you can reclaim.

- If your VAT status changes during your project we will reduce our contribution to the costs where you have been able to claim back the VAT.

## **Are you getting any cash contributions to support your project?**

Cash contributions are other funds you expect to receive towards the cost of your project. This includes any cash contribution from your own organisation.

We encourage you to have cash contributions, although you do not need them.

- No, we are not getting cash contributions?[Tick box]
- Yes, we are getting cash contributions?[Tick box]

If yes:?Description of cash contribution [Text field]

Is this contribution secured? [options]

By secured we mean the cash in your bank account reserved specifically for this project, or the money has been formally offered.

- Yes, and we can provide evidence?[Tick box]

If yes: Upload evidence. This could be a letter confirming the offer or a copy of bank statements showing the funds in your account.

Upload evidence [Choose files]

- Yes, but we do not have evidence yet?[Tick box]
- No?[Tick box]
- Not sure?[Tick box]

Amount [Number input, 1 or above]

## **Are you getting any non-cash contributions to support your project?**

Non-cash contributions are things that you need for your project that you do not have to pay for.

For example, the use of a room in a local business or materials being donated by a local company.

We encourage you to have non-cash contributions, although you do not need them.

- No, we are not getting non-cash contributions?[Tick box]
- Yes, we are getting non-cash contributions?[Tick box]

If yes:?Description of non-cash contribution [Text field]

Estimated value [Number input, 1 or above]

Provide an estimate of how much this would have cost if your project had to pay for it.

## Supporting documents

### Accounts

Upload your organisation's accounts.

You must provide your most recently audited or accountant verified accounts.

Accounts need to be:

- in the **legal name** of your organisation
- **dated**
- signed with a **handwritten signature**. This does not include digital signatures
- Include the **title** of the person who is signing them. This person must be a director, trustee, accountant, or other senior figure in your organisation.

If your organisation's accounts are older than 18 months, you must also provide three months of your most recent bank statements. This should be the three months before the date you submit your application.

If your organisation was set up less than 14 months ago and does not have a set of audited accounts, you must provide your last three bank statements or a letter from your bank confirming that your organisation has opened a bank account.

We do not need to see your accounts if you are a public organisation, for example a local authority or university.

Upload your accounts [Choose file]

### Project plan and risk register

Upload your project plan and risk register.

All projects must submit a project plan and risk register. We recommend you use the template on our website.

Upload your project plan and risk register [Choose files]

### Performance indicators

You will need to demonstrate how your project has benefited the environment.

What you need to do:

- choose the performance indicators most relevant to your project from the list below

- submit your list of performance indicators (including how you will measure each one) as an attachment to your application

If you are successful in obtaining a grant, these performance indicators will be included in the agreed outcomes for the project. ??

### **Plants and animals**

- Places for nature/habitat acquired [measured in square metres]
- Places for nature/habitat restored or enhanced [measured in square metres]
- Green walls/roofs created or enhanced? [measured in square metres]
- Connectivity – new green corridors/routes created/enhanced [measured in metres]
- Pollinator improvements [estimated number]
- Species abundance increase [estimated]
- Priority species [number and species planning to benefit]

### **Water?**

- Capacity for flood or surface water attenuation [measured in cubic metres]
- Improved water quality
- Access to water [number of refill/water fountains]

### **Air**

- Estimated reduction in CO2 [measured in equivalent emissions]
- Improved air quality?

### **Land ??**

- Reduction in use of pesticides/fertilisers [measured in %]
- Community growing [area by square metre/hectare]
- Community growing [number of projects]
- Accessible green public space created [measured in square metres]
- Accessible green public space improved [measured in square metres]

### **Well-being of Future Generation Act benefits/impact**

- Total number of traineeships employed on the project
- Number of SMEs based in Wales which you will contract/subcontract
- Estimated economic impact [measured in £]
- Volunteers involved [number]
- Volunteer hours contributed
- Volunteers who report an improvement in wellbeing as a result of project involvement [number of people]
- Community assets created [number]

- Employees/visitors/residents/passers-by) who?will be able to ‘see’?the asset created [estimated number in one day]

## **Job descriptions**

Upload job descriptions for any new staff or apprentices.

If you plan to recruit new staff or apprentices to help you deliver your project, you need to provide a job description for each new post. If you are moving a current member of staff into a project role, or extending their hours to support the project, you still need to provide a job description.

Each job description should include the proposed salary and working hours.

Upload any job descriptions [Choose file]

## **Briefs**

Upload briefs for any commissioned work.

Briefs describe any work you plan to commission during your project.

If you are commissioning work, for example from an artist or architect, then you should provide a brief. The brief should describe the works, how long they will take, and how much they will cost.

You can find a template brief on our website.

Upload any briefs for work [Choose file]

## **Full cost recovery**

Upload calculations for full cost recovery.

If you have included full cost recovery as a cost heading in your project costs, you must provide a document that shows how you have calculated this.

Costs should be proportionate to the time or resources used for your project. We can also cover a proportion of the cost of an existing member of staff, as long as they are not working exclusively on the funded project in a new post.

Upload your full cost recovery calculation [Choose file]

## **Images**

Upload project images.

Provide up to six images that help illustrate your project.

This could include:

- an image of a map of the area showing the locations involved in your project, if it is taking place across more than one place or across a large area.

Please make sure you have all the permissions required to share these with us, as we may use these to tell people about your project, including our decision makers. We might also use any images you send us to promote your project publicly.

Upload any images [Choose file]

## **Evidence of support**

Provide up to six pieces of evidence of support from other organisations or individuals who are committed to helping deliver your project or are key to your project's success.

This could include:

- permission from landowners to access sites
- confirmation from a local museum that they will host your exhibition
- confirmation from a local community group that their members will take part in your planned activities
- offers of support from other funding organisations
- independent valuations of any buildings, land or heritage items

We do not need to see general statements in support of your project.

Upload any evidence of support [Choose file]

## **Check your answers**

You will be shown a summary of all your answers.

You will also have the option to go back and change an answer if needed.

## **Confirm declaration**

**You will be asked to read and agree with our declaration.**

Now that you're happy with your application, you are ready to apply for funding.

We run qualitative user research to help us to develop our products and services. This could be from a 20-minute survey to a two-hour interview.

Tick this box if you would like to be involved in our research, or find out more. [Tick box]

We may contact you from time to time to keep you informed about the work of The National Lottery Heritage Fund.

Tick this box if you wish to be kept informed of our work [Tick box]

I have read and agreed with the declaration. [Tick box]

## **Declaration**

### **a) Data Protection**

We are committed to being as open and transparent as possible. This includes being clear about how we assess and make decisions on our grants and how we will use your application form and other documents you give us. We follow all data protection laws and regulations that are applicable and in force from time to time (the 'Data Protection legislation'). As defined by the Data Protection legislation the Trustees of the National Heritage Memorial Fund (who administer the National Lottery Heritage Fund) is a data controller. Our Privacy Policy contains additional information including contact information for our Data Protection Officer. It can be found on the National Lottery Heritage Fund website.

As part of the application process we will collect your name and position at the organisation you represent as well as any additional personal information you supply about you or others involved in your project. We may share this information with one of the consultants on our Register of Support Services if they are appointed to help support you on your project. We do not transfer your data to any third parties based outside of the EU.

We may use your application form and other documents you give us:

- To decide whether to give you a grant.
- To provide copies to other individuals or organisations who are helping us to assess, monitor and evaluate grants.
- To share information with organisations and individuals working with us with a legitimate interest in National Lottery applications and grants or specific funding programmes.
- To hold in a database and use for statistical purposes.
- If we offer you a grant, we will publish information about you relating to the activity we have funded, including the amount of the grant and the activity it was for. This information may appear in our press releases, in our print and online publications, and in the publications or websites of relevant Government departments and any partner organisations who have funded the activity with us.
- If we offer you a grant, you will support our work to demonstrate the value of heritage by contributing (when asked) to publicity activities during the period we provide funding for and participating in activities to share learning, for which we may put other grantees in contact with you.

### **b) Freedom of Information**

As a public organisation we are subject to the Freedom of Information Act 2000 and Environmental Information Regulations 2004 which give the public a right of access to the information that we hold, unless any exemptions apply. This includes any recorded information provided to us by our applicants and grantees.

When you complete the Declaration at the end of the application form, you are confirming that you have no objection to us releasing the application form and any other information you provide to us

to anyone who asks to see them once your application has completed the assessment process. If there is any information that you don't want made publicly available, please explain your reasons below:

[Text box]

If we receive a request for information we will always consult you first and will take your comments into account and will apply the exemptions in the Freedom of Information Act 2000 and Environmental Information Regulations 2004. However, the decision to release or withhold your information is our decision and we will not be responsible for any loss or damage you suffer as a result of our meeting these responsibilities.

- I confirm that the organisation named on this application has given me the authority to complete this application on its behalf.
- I confirm that the activity in the application falls within the purposes and legal powers of the organisation.
- I confirm that the organisation has the power, if awarded a grant, to accept and pay back the grant.
- I confirm that, as far as I know, the information in this application is true and correct.

## **Application submission**

Your application has been submitted!

### **What happens next?**

1. We will send you an email soon with a project reference number.
2. We will check your application and the information provided, to make sure we have everything we need to assess your application. This will include checking you have provided all the appropriate supporting documents.
3. We may contact you to request more information or documents if needed.
4. We will check your application and once we have everything we need to assess your application, we will let you know our decision within twelve weeks of the application deadline.

## **Guidance updates**

We will regularly review this guidance and respond to user feedback. We reserve the right to make changes as required. We will communicate any changes as quickly as possible via this webpage.
