This project is funded by the Trees Call to Action Fund. The fund was developed by Defra in partnership with the Forestry Commission and is being delivered by the Heritage Fund.

Using our logo

You can download our logo and use it anywhere where people can clearly see it.

Logo artwork

The Trees Call to Action is supported using public funds and delivered by the Heritage Fund in partnership with the Forestry Commission. When using our logo, please use it in its entirety to ensure this funding and delivery relationship is maintained.

The logo lock-up should never be altered.

Print (eps) and screen (png) versions of each logo are available.

Large acknowledgement

For larger acknowledgement materials – for example on outdoor interpretation panels – please make sure the logo is big enough to be clearly visible from a distance of five metres.

Minimum size

The minimum size refers to the whole width of the logo lock-up. To make sure the logo lock-up is clear and legible, the minimum size logo lock-up should appear is 108mm in print and 306px on

screen.

Exclusion zone

The exclusion zone ensures the logo is not compromised by other elements and helps it stand out. The following is a minimum clearance area. Whenever possible, leave more space around the logo than the exclusion zone. The height and width of the clear space is set by the width of the royal crest in the Defra logo.

Colour

The logo must only be reproduced in black, white or the full colour version on these pages.

Please do not use the logo in pink, gold, grey or any other colour not specified here.
