Grants for Places of Worship

Item	Project Title	Project Description	Applicant	Decision
1.	Tower Repair and Community Heritage Initiatives: SS Peter and Paul, Oulton	To restore the West tower the grade II * listed medieval church (in effect make the pointing safe) sited on the brow of a hill by a well used public footpath. In addition they wish to put pamment tiles in to replace the deteriorating wooden platforms and to upgrade the heating. This will create a fully flexible space for community events and exhibitions and provide the community with a place of worship and a large public meeting place. There are several current initiatives concerning village and RAF history and the church will provide an exhibition home for these. They have proposals to explore further the medieval art within the church and make the churchyard a more effective wildlife habitat.	SS Peter and Paul, Oulton, Norfolk Broadland	Award Grant of £104,200 (76%)
